Let the flood gates go, watch them collapse
The city sleeps below
Get back, get back
Oh watch them collapse
The city sleeps below

We're taking over, taking on,
Taking on and on, and on

Now move and head for the hills
It's going down
You're driving with the lights shot out
You better help yourself
Head for the hills right now

We've come with nothing
We've come this far
We've come this far with nothing in our hearts

We're taking over, taking on,
Taking on and on, and on

Let the flood gate go, it's going down
Driving with the lights shot out
You better help yourself.
