(D. Carten/D.Roberts/C.Baker/H. Turnip)

Wake up in the morning,

And what do I see?

A million different printouts all waiting for me

Laser printer, colour printer, S.I.C too

Its getting too much, far too much for me to do

(Too much, getting too much, too much to do)

Chorus:

Trolls are meant to skip and play,

Not to collate bloody printing all day

How can we program our database

Without a million printouts slapped in our face

(Spoken: Thats 5p please! No, you must have sent that
to the colour

printer, yes, you'll have to send it again please...sorry
about that)

INSTREMENTAL: 24 SECONDS

One of these days gonna quit this mess

(Quit the mess, quit it now)

If the printing don't stop coming to my desk

(Tell me how, tell me how)

They should bring back Loz, cos noone can forget

The way he said "Nothings come through for you yet"

(Repeat Chorus Twice)

(Ad Lib to fade)
