Do you remember
The laughter and the joy
Do you remember
Do you remember
Driving in our car
Do you remember
Swimming in that lake
Just the five of us
Against rest of the world
Guardian angel left us bleeding
Guardian angel left us screaming
Guardian angel
Guardian angel..
Do you remember
Fireworks by the sea
Do you remember
The exact time we went dry on gasoline
Just the five of us
Against rest of the world
Guardian angel left us bleeding
Guardian angel left us screaming
Guardian angel...
Just the five of us
Against rest of the world
Guardian angel left us bleeding
Guardian angel left us screaming
Do you remember?
Do you?
