John Vastano
you know there isn't anything
anything I wouldn't do
you know there isn't anyone
anyone who loves me like you
holdin' you close and feelin' your heart beat inside
it's just like a miracle
and you're makin' me feel so glad I'm alive
and in every way I'm gonna thank you
you know there isn't anything
anything I couldn't be
you know there isn't anyone
anyone to keep you from me
if you're caught in a storm or lost out at sea
searchin' for that miracle
I would soften the wind
and calm the angry sea
to bring you home to me
so if they built up an army
to take you from me
just like a miracle
I would fly like an eagle
and carry you so far away in my fantasy
you know there isn't anything
anything I wouldn't do
oh no, no, oh
you know there isn't anything
anything I wouldn't do
oh no, no, oh
