(Verse)

Dying to kill 'em just tell me I should
Ok you right, that shit never felt so good
Murder the game, red on the wall
Is that my red carpet or blood on the floor
I'm cooking from the stars to Brooklyn
I've been in any light year, just tell me how's it looking
I'm 'bout to pull a whole nighter and girl you never
looked better
The only reason the book of roman is seen it that never

(Verse)

It's so on, hot room, get a girl you dream about and
slide through
See bring a friend and damn I got 2
Ye and DTF night it's not you
Three hours later I'm faded too
Half of that the most hated want
For the simple fact that I made it
Plus I banged the chick that you dating, oh
I'm rocking the boat, tell 'em bring they sea legs
Say they go in ham all I see is green eggs
Double this and thrilla baby check the news clean
Bottles getting smashed like I'm on some new shit

(Hook)

'Cause I'm a beast, work hard all day
Now it's time to roll, pull an all nighter
The moon will like my show
Feel the heroin at raise, in my uptight grow
Ten minutes about to get out of control
'Cause I'm a beast,
Blood in my eyes you should run and hide
Try to duck inside
'Cause I'm a beast,
You got to the wrongest town
You might be good right now
But when the sun go down

(Verse)

I got this bad chick, showed her how to do it big

I can tell she never been acclimated to this shit
But my wallet good, good so live a bit, bit
What she order, what she order fish and chips?
After that chase is how you need a special called for
This Mike Check, open the door
Inside this girl on girl action and then it moves in 3
Hands with that girl on girl all you on me
I mean we did it, and she couldn't keep her lips like
Screaming like a heart flicker
Now she just call her hitch cock
I made it, supposed to fail but I aced it
These girls went from not returning my calls
To screaming and praying
Now they all want that lifestyle without that lifestyle
But I just want miss officer to read my rights now
They tie me up, to my own good probably
If I can't holla at the moon then I can't hurt nobody

(Hook)

'Cause I'm a beast, work hard all day
Now it's time to roll, pull an all nighter
The moon will like my show
Feel the heroin at raise, in my uptight grow
Ten minutes about to get out of control
'Cause I'm a beast,
Blood in my eyes you should run and hide
Try to duck inside
'Cause I'm a beast,
You got to the wrongest town
You might be good right now
But when the sun go down

(Bridge)

I'm a beast x5
Blood in my eyes, blood in my eyes
You should run and hide
I'm a beast
You should run and hide
You should, You should run and hide
You should probably duck inside
I'm a beast
Blood in my eyes you should run and hide
Try to duck inside
I'm a beast
You got to the wrongest town
You might be good right now
But when the sun go down

(Hook)

Work hard all day
Now it's time to roll, pull an all nighter

The moon will like my show
Feel the heroin at raise, in my uptight grow
Ten minutes about to get out of control
'Cause I'm a beast,
Blood in my eyes you should run and hide
Try to duck inside
'Cause I'm a beast,
You got to the wrongest town
You might be good right now
But when the sun go down
