AGNETHA FALTSKOG - Remember Me

Album: My Colouring Book (2004)

As you walk from my side
The tears I try to hide
Are running down my cheek
I find it hard to speak
This is our last goodbye
But darling will you please
Remember me from time to time
The one who loves you
Remember me from time to time
I won't forget you
Oh please remember me
And I 'll remember too
I watch you walk away
But in my mind you stay
An everlasting dream
To me you've always been
And please don't turn around as you walk away
Remember me from time to time
The one who loves you
Remember me from time to time
I won't forget you
Oh please remember me
And I 'll remember too
Remember me from time to time
The one who loves you
Remember me from time to time
I won't forget you
Oh please remember me
And I 'll remember too
I remember
So please remember...
