I don't believe that the hour has arrived
What can I do?
Where will I go?
If I ask you
Embrace me
I will forget
It may be the end
What is going to happen?
If it is the last time
I wrap your arms around me
I pick up all the memories
For that you will find
If it is the last time
There's no danger in the fire
The heights are the game
I ask you once more
Before saying good-bye
We will have the chance
Spending the days
like in the darkness
It was always difficult to talk
I left from you, letting you to go on
It can't be
If it is the last time
I wrap your arms around me
I pick up all the memories
For that you will find
If it is the last time
There's no danger in the fire
The heights are the game
I ask you once more
Before saying good-bye
Relieve all this pain
I give it here to yesterday
I need you to embrace me
Tempt me, there's a way to continue
If it is the last time
I wrap your arms around me
I pick up all the memories
For that you will find
If it is the last time

There's no danger in the fire
The heights are the game
I ask you once more
Oooooohhh...
If it is the last time
I wrap your arms around me
I pick up all the memories
For that you will find
If it is the last time...
