she sold her (warlock) ?
and bought her drum machine
fired her whole band
'cause they hated (na na na?) beats
she's got a love space
takes the L train to bedford
runs with some cool kids
that are actors, but dress like nerds.

and plays pop music of the future.
and no one will ever get to her.
she's a shaker, but not a mover.
she plays pop music of the future.

back in the 80's,
she wanted to be in a hair band.
and then in the 90's,
she only wore corduroy pants.
and then there was emo,
but that was just a phase.
'cause it's all been down hill
since sunny day real estate's
first record

she plays pop music of the future.
and no one will ever get to her.
she's a shaker, but not a mover.
she plays pop music of the future.
