Oh
Yeah
Mhm right

I saw the stars from the far
As I looked into your eyes
So the lights shine and bright
As the day turn into night
I don't know where to go
But to find you is the key
That I need to complete me yeah

Chorus:
Because the sunshine's down on an empty space is
where you should be
Right here with me
And when the rain falls down while she's in wait and
traces to leave
You back to me
I'm standing screaming oh na na na na, oh na na na
na,
Oh na na na na, oh na na na
Because the sunshine's down on an empty space
where you should be
Right here with me

Days passing by still my mind is thinking back to you
and me
Such a memory of what used to be seems so far away
I'm tryin hard to move my heart and start over a new
But any where I go from here I'm still that on the road
to you

[Chorus:]

I've tried to fight it but I can't deny it
This feeling is sickly and it's told no no
No buts or maybe is, I gotta find you baby
Before I lose on control

[Chorus:]

With me ohh noo
