[Verse1]

Please don't get me wrong but like a piece of music girl  
you need a song,

Your incomplete, and you need me, to help you out,  
Baby let me get my paintbrush (becuase)  
From what I can see, us united we'll make a beautiful  
masterpiece (yeah)

'Cos right now, your down and out,  
I can add some colour to your life baby

[Pre]

(I wanna do something about it)  
Let me show you what it means to love again  
(Just promise me that you'll keep your eyes open)  
Don't you close them, 'cos I'm about to show you

[Chrous]

I can paint you over  
And tonight we're getting closer  
Baby let go  
Let me take control  
Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us (Picture) Baby...  
Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us (Picture) Paint you a  
picture...

[Verse 2]

Before it turns to day, tonight I want you and I to be a  
portrait (woah)

In those sheets, is where I wanna be, it's going down,  
Baby let me get my paintbrush

We can do it all inside the frame, want you to forget  
about your past every

Little mistake,

Cos right now, your down and out,  
I can add some colour to your life yeah...

[Chrous]

I can paint you over  
And tonight we're getting closer  
Baby let go  
Let me take control  
Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us yeah (Picture) Baby...

Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us (Picture) Picture no...  
[Middle 8]  
Got something special to show,  
Baby I want you to know I'm in love,  
And we can make it...  
The perfect painting...  
I wanna touch your canvas,  
Girl I'm the artist's hands you can trust  
And when you've had enough, of other love  
[Chorus]  
I can paint you over  
And tonight we're getting closer  
Baby let go  
Let me take control  
Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us (Picture) Baby...  
Just lay back 'cos I'm gonna paint a  
(Picture) Of Love (Picture) Of us (Picture) Paint you a  
picture...
