Girl, you are the centre of my attention
You look so damn good, oh, oh
You got your head did, nose did
Shoes are flying style
You remind them girls they ain't got nothing on you,
I'm telling ya!

Bridge:
So girl, you are VIP
Have you ever been, baby
To the other side of the rope?
Things will happen for you
On the other side of em ropes
You will never know until you go!

Chorus:
So what a day, girl?
I'mma buy you what you want!
I'mma gonna spend this money on you
Till it's so good with you
On the other side of this rope, girl
I know you're with it
Cause you ain't never seen this before!

Oh, you gotta... you want
Baby, your moving to fast
(But I) I love when you jump on my lap
And you whisper in my ear
You want it now!

Bridge:
So girl, you are VIP
Have you ever been, baby
To the other side of em ropes?
Things will happen for you
On the other side of em ropes
You will never know until you go

Chorus:
So what a day, girl?
I'mma buy you what you want!

Iâ'mma gonna spend this money on you
Till itâ's so good with you
On the other side of this rope, girl
I know youâ're with it
Cause you ainâ't never seen this before!

Â...So girl, Iâ'mma get it together
Bring you back up in here
... without you, baby

Chorus:

So what a day, girl?
Iâ'mma buy you what you want!
Iâ'mma gonna spend this money on you
Till itâ's so good with you
On the other side of this rope, girl
I know youâ're with it
Cause you ainâ't never seen this before!
