I've been up all night  
These walls are comin' down  
It seems to me you're everywhere  
And all around  
I can't take away  
These pictures from my mind  
If I was any lower, I'd be underground

I tried to forget you,  
God knows I've tried my best  
I wish I could hate you  
But I'm powerless

I look at the mirror deep inside of me  
But the memories  
All flow like an endless sea  
So here I'm standin'  
And after all you put me through  
I don't know how not to love you

I haven't slept for a week now  
'Cause I'm all messed up inside  
Nothing seems to kill this love  
No matter how hard I try

I tried to forget you,  
God knows I've tried my best  
I wish I could shoot this love  
But I'm powerless

I look at the mirror deep inside of me  
But the memories  
All flow like an endless sea  
So here I'm standin'  
And after all you put me through  
I don't know how not to love you

There is a feeling  
That's screamin' for more  
A cryin' that I can't take away  
And my heart won't let go

And it leaves me without a clue  
And I don't know how not to love you
