My feet are going start walking down
Down lanes I've never been before - Yeah
My eyes are gonna start looking at things,
At things that I've never seen before

And there's a brand new world
Right outside your door
Just step out and ease your mind.

There is somebody out there
Who is trying to find me
Gonna make it worth your while
There is someone who's waiting
Who's waiting to meet me
On this road of our lives
I am taking this ride tonight

So stuck in everyday business
I'm gonna pull down all these walls - Hey
My arms are gonna warm the one
The one that never felt love before.

And there's a brand new world
Right outside your door
Just step out and ease your mind

There is somebody out there
Who is trying to find me
Gonna make it worth your while
There is someone who's waiting
Who's waiting to meet me
On this road of our lives
I am taking this ride tonight

What are you doing?
Where are you standing?
What are you feeling?
Is your heart breathing?
What is your name?
Cause I'm ready to sooth all your pain.

Is there somebody out there?
Who is trying to find me?
Gonna make it worth your while.
