"Sink"

I remember when we first met
I hadn't made a fool of myself yet
Wanted us to get away
But there wasn't anywhere that we could stay

Lost my job and my apartment too
Just so I could spend more time with you
I didn't want to deal with reality
I just wanted to feel with intensity

I would sink to the bottom of the ocean
If I knew that's where you were going
I would kiss the feet of businessmen
If I knew you had hired them

That's how far I would go
I would easily sink that low
That's how far I would go
I would easily sink that low

Can't believe that I'm hearing this now
Climbed so high and I'm not looking down
Only so much a man can take
Before he knows what he leads in his way

Found a job and an apartment too
Just so I can spend more time with you
I don't wanna deal with reality
I just wanna feel with intensity

I would sink to the bottom of the ocean
If I knew that's where you were going
I would kiss the feet of businessmen
If I knew you had hired them

That's how far I would go
I would easily sink that low
That's how far I would go
I would easily sink that low

You brought me here

You'll take me home
We'll finally have a moment alone
That's what I call love
That's what I call love...

Brought me here
You'll take me home
We'll finally have a moment alone
That's what I call love
That's what I call love...

I would sink to the bottom of the ocean
If I knew that's where you were going
I would kiss the ass of businessmen
If I knew you had hired them

That's how far I would go
I would easily sink that low
That's how far I would go
I would easily sink that low
