Now you can tell a woman what she might want to hear  
Whisper sweet nothing's into her ear  
Buy her diamonds and buy her pearls  
Buy her everything in the world

And she my tell you you're the only one  
That you're her sweet and sticky golden honey bun  
That she'll be there until the end of time  
But then you wake up one morning to find she's  
changed her mind

Because oh she's a woman and she will do  
Just exactly what she wants to  
No matter what you say

Now you may say I don't like it that way  
I like it like it used to be in the good old days  
But what I say to you is true  
A woman gonna do what she's gonna do

'Cause when a woman's made up her mind you know  
that's that  
Ain't no way to change it and that's a fact  
Yeah you can try man but best take it from me  
That to argue with a woman's sheer insanity

'Cause you say do you want my honey I don't know  
Do you want my money maybe so  
Baby you so funny you better watch it bro  
I'll make everything sunny you better though

Baby do you love me I don't know  
Baby do you want me maybe so  
Will you ever leave me I can't say so  
Will stay forever I gotta go
