Everytime is time to go  
in many ways every dream is like a long road  
with little time I will fly within your sky  
Everytime is time to go  
Everywhile is for us to hold,  
along the way your destruction is my life  
With little time, I will fly between your smile  
cause everytime is time to go,  
and everywhere is for us to hold  
in many ways every dream is like a long road  
it's my desire to protect your lips with mine,  
with mine. . . .  
Oh it's sad and lonely,  
in all I believe is not lost,  
oh it's sad  
Along the way to love with everything behind  
for many hours we will be fugitives of time,  
cause everytime is time to go,  
and everywhere is for us to hold  
everytime is time to go,  
and everywhere is for us to hold,
