I've been starin down the road

You've been up the street

I think it's about time, you come talkin to me

I see the way you look at me

You see I don't mind

I know that you've been thinking about the perfect
opening line

It's a shame you keep playin your game cuz

I don't wanna wait no more

CHORUS:

You can be my hottie hottie

Not just anybody body

Everybody knows, how the story goes

We can have a party party

You, me, and nobody body

Everybody knows how the story goes

I was hangin with some friends

You were all alone

I thought you would talk to me

But you were on the phone

I don't know the reason for

Why you're so shy

Even when I call your name you keep on passing me by

It's a shame you keep playin your game cuz

I don't wanna wait no more

(CHORUS)

Finally, you come talkin to me

I want you in my life you will see that

Once upon time not long ago there was a guy who was
a show

Now you realize I don't wanna wait no more

(No more, no more. No)

I don't wanna wait anymore (4x with variations)

(CHORUS x2
