When I think, of what I've been through,
I can see that you've always been there for me
To tell the truth don't know what I'd do
Without you half of my dreams would not come true
You are the one
That I have hoped for
Now my life
Means so much more
Now we can be
Together Forever
Just you and me
I'll be here for you,
You're here for me
It was you,
Who showed me I had a friend in you
I always knew,
That you'd be right here for me,
and it was you
who stayed with me
when the skies weren't blue
and it was you,

who stayed by my side

It was you

Since the day

you came in my life

I knew then,

that you'd be someone,

right by my side

then you prove,

your a friend to me

In my heart, where ever, you will always be

You are the one

That I have loved for

Now my life

Means so much more

Now we can be

Together Forever

Just you and me

There for each other

And I knew it was you

And It was you,

Who showed me I had a friend in you

I always knew,

That you'd be right here for me,

and it was you

who stayed with me

the skies weren't blue

and it was you,

who stayed by my side

It was you

(Repeat)

It was you who was always right by my side

When I just can't do it

You helped me threw it

We're friends forever like best friends should be

You'll always be a special part of me

And It was you,

Who showed me I had a friend in you

I always knew,

That you'd be right here for me,

and it was you

who stayed with me

the skies weren't blue

and it was you,

who stayed by my side

It was you
