Don't be that one trying breathe their air  
Don't be that one Tryna pull their hair  
Don't be that one stealing all their light  
Don't be that one Tryna start a fight

Don't be that one looking all depressed  
Don't be that one that's overly dressed  
Don't be that one that's holding the line  
Just Be that one that's hard to find

She crazy and she know it  
She just trying not to show it  
Tryna rule the world above her  
Thinking everyone gone love her  
Wrong

Your making a mess  
Just with your presence  
We're losing our mind  
Cause your around us

But you decided to be that one

Don't be the one that wants attention  
Don't be the one that's always b\*\*\*hin  
Don't be the one that they call crazy  
Be that one they call amazing

She's a bully and she know it  
She just Tryna not to show it  
Tryna rule the world above her  
Thinking everyone goin love her  
Wrong

Your makin a mess  
Just with your presence  
We're losing our mind  
Cause your around us

But you decided to be that one

Your making mistakes  
Cause your big headed  
You think your perfect  
But you've been Misleaded

But you decided to be that one  
But you decided to be that one

Why do you think your so cool?  
Don't you know that your a fool  
Why do you think your so bad?  
Don't you know that your just mad

Why you gotta be overly mean?  
Can't you just blend in with the scene  
Why you gotta be predictable?  
That's not what makes you beautiful

Pre-chorus
