Holiday's I need to get
My mind clean...
Holiday's I want to go
To find a place and be
Or alone...
When I call your name
I just travel away with
The faster train I will go
To the place of peace and hope...

Holiday's, Holiday's
Holiday's I need...
Holiday's, Holiday's
I just need Holiday's...

Holiday's I need to get
My self clear...
Holiday's I know where
To go to the place of
Peace and hope...
When I see the sea I just
Start to feel...
All the love and hope that
I need she just travel me
Through my dream's...

Holiday's, Holiday's
Holiday's I need...
Holiday's, Holiday's
I just need Holiday's...
