Lonely Earth can you see
That this life is not to
Chip...
Lonely Earth show's your
Teeth to come back all
The thing's...

Give me reason to not dream
I believe to me Lonely Earth
Give me please one more chance
To fly free...

Lonely Earth give us please
One more chance to prove
That we are not like this...

I believe to my dream's and
I will make them real...
You can not make me stop
Cos I know that I am not
Wrong...

Good old man can you sey
The magic word's from your
Age...

Lonely Earth make them to
See what is wrong and what
Is not good to be like this
