To forget to my problems I just take a walk
Many people tell me you are crazy a lott
Well yes I'm crazy a lott but I am proude for
I am proude for my self.

I made my day, to live like yesterday
I don't wont to change because I am proude for my self
I'm proude for my self.
I made my way, to be free and happy every day
I don't wont to change because I am proude for my self
I'm proude for my self.

I'm running throught the time to save my mind
And I wisper to my self you are good and clean man
Well yes I find my way and I am proude for my self
I'm proude for my self.

I made my day, to live like yesterday
I don't wont to change because I am proude for my self
I'm proude for my self.
I made my way, to be free and happy every day
I don't wont to change because I am proude for my self
I'm proude for my self.
