I use to walk

I use to run

For me to go and buy some stuff

But now I am bored and my car is waiting

Can you please tell me why?

Where I am going?

Why I am so bored?

Can you please tell me why?

What I am doing?

And what I am thinking?

Can you please tell me why?

I send some emails to my friends

I haven't seen them many days

We don't go out

We don't talk

We only chating from the net

We use to hang out

We use to play around

Make some jokes and have some fun.

We use to go out

We use to sing a lot

Make new friends and have some fun.

The time is changing, the time is changing
Can you just beleve in that
