"Where The Wind Blow"

Where the wind is blow
There I will go...
Tell me what you see,
When you travel in sea.
Can you see the wind...
Blowing in your feels...
Make a wish to be truth
And you will fly in your
Dreams...

If you want it just do it
Don't wait and waste your
Time...
Make your dreams, be a wind
And fly away...

Where the wind is blow,
There I will go...
Where the wind is blowing
My dear there I will go...
Where the wind is blow,
Hope and peace will be born.
Where the wind is blow,
There I will go...
