I was in wrong way to get to my place
I didn't know where to turn on...
I was in haight way searching for valley
And I didn't know where to turn on...

Wrongway, wrongway

Wrong way, wrong way I was in wrong way,
Wrong way, wrong time and wrong place...
Wrong way, wrong way I was in wrong way
Wrong time, wrong day and wrong place...
Wrong way, wrong way...

I stop for a while to rest I little bit
I took my guitar and strumming little bit
I was confused and so depressed which way
To choose and to don't be a mistake...

Wrong way, wrong way

Wrong way, wrong way I was in wrong way,
Wrong way, wrong time and wrong place...
Wrong way, wrong way I was in wrong way
Wrong time, wrong day and wrong place...
Wrong way, wrong way...

Wrong way, wrong way

Wrong way, wrong way I was in wrong way,
Wrong way, wrong time and wrong place...
Wrong way, wrong way I was in wrong way
Wrong time, wrong day and wrong place...
