Hold tight If I had only known it could rain inside  
Keel over take a stand trying to keep my head on my  
Shoulders  
Over flow under tow trying to keep my head above  
water  
Believe me I'm a fighter til the end look into my eyes  
It's all on fire my life needs fire I want roses  
Strewn at my feet  
Moving in moving out the current pulls me  
Stay buoyant  
I tumble doing deep sea cartwheels  
Outside it's dark I catch my breath and scream scream  
It's all on fire my life needs fire I want roses  
Strewn at my feet  
Soundlessly, I fade away  
I sail, I float far away  
A thousand clues and second thoughts  
Lie deep in the belly of my heart  
If I listen so close  
It's all on fire my life needs fire I want roses  
Meanwhile I float on the sea, sea yeah sea  
Moving in, moving out  
Outside it's dark again  
Still I realize what a fine line you walk along  
Tight roping between sink or swim or fall or stand  
I sit here I stare and still I see it's raining  
Hard to say, hard to see  
Hard to know, hard to tell  
It's raining  
Hard to say, hard to tell  
It's raining, it's raining
