Don't wanna write another song about a break up  
Then say we're finished, yeah we're done  
And then we make up  
And we don't need another song about a dancefloor  
It's time to take it back to what we're really here for

And I ain't old enough to blame it on the henny  
Can't make a dime unless you're starting with a penny  
I wanna write a song that makes you wanna stand up  
And tell the world that it's all about love

Arms wide open  
Dry your tears with love  
It's not all hopeless if we all show our love

La, la, la, la, la, la, love x3

We need to give some  
Yeah, we all need some love

La, la, la, la, la, la, love x3

We need to spread some  
Why don't you give some love?

Oh ooh oh oh  
Oh oh oh  
Oh oh oh

There's people crying and they really need a hand out  
It's time to take a little time and really stand out  
We need to feed another baby in the Congo  
And don't forget about your neighbour on the third floor

I may be young, but I know about plenty  
That what you give is what you get for so many  
Want you to care about the kid you go to school with  
And show the world that it's all about love

Arms wide open

Dry your tears with love  
It's not all hopeless if we all show our love

La, la, la, la, la, la, love x3

We need to give some  
Yeah, we all need some love

La, la, la, la, la, la, love x3  
(Just a little bit of love)

Your love, yeah

Oh ooh oh oh  
Oh oh oh  
Oh oh oh

Kardinal Offishall:

Yeah, all we need is a little L.U.V.  
My heart's big like an S.U.V.  
And you can see me on three wheels driving  
'Till I feel free  
Top down on the D.V.P.  
Thinking back to all the good days  
When love was feeling my...  
Romantic love and family love  
... thanks, they're so many kinds, so many ways  
Someone anger and... , but they will find themselves  
Back in love eventually  
And you can count on this... to your fingers  
Hate goes quick, but love lingers  
Love is an amazing tool  
With a lifetime guarantee  
No science in it but it's like we've got chemistry  
Spread love, get love  
I say it with a smile  
Love is in every line  
And whenever you think good love will end  
Close your eyes and see it, come and get

La, la, la, la, la, la, love x3

We need to give some  
Yeah, we all need some love

La, la, la, la, la, la, love x3

We need to spread some  
Why don't you give some love?

Show a little love and put your hands up  
Why don't you show a little love and put your hands up  
You wanna show a little love and put your hands up

We need to give some  
Yeah, we all need some love

Show a little love and put your hands up  
Why don't you show a little love and put your hands up  
You wanna show a little love and put your hands up  
We need to spread some love
