Visit "[Shopping and Parking](#)" on MotoLyrics.com

I went to the shops
Couldn't find a park
Then I found a park
but there weren't any shops
So I went back home
And I parked the car
There were still no shops
So I went back in the car

Shopping and parking
Shopping and parking

I drove for an hour
I ran out of petrol
Had to push my car
Up past the shops
I bought some petrol
Got back in the car
I drove to the shops
And I found a park
Shopping and parking
Shopping and parking

Got out of my car
I walked to the shops
I got to the shops
But the shops were closed
Got back in my car
Drove it into a shop
Got out of my car
And I went shopping!

Shopping and parking
Shopping and parking

Shopping and parking
Shopping and parking
