{"I know they miss yooooou..." - Billy Paul}

[Chorus: sampled from Billy Paul's "Just a Prisoner"]

It seems like every-BODY, everybody, everybody

Everybody forgotten about me..

Will I ever, ever, EVER, be free?

Huh, uh, HUH?

[Lil Wayne - Verse 1ne]

Just when they thought it was safe

I picked up the phone and called it a day

I bought a new car, caught a new case - fuck it

The harder I walk, the ground shall shake

Stompin, the harder I march, the ground will break

I am, groundbreakin, like an earthquake, heh-heh

Yeah, I run this shit, but I'll tackle it

You want me to break it down, I'ma fracture it

My mind is wanderin, I can't find it

But ten times outta ten, my mind on the mon-ey

Bandana around my head like I know karate

And I'll wax a nigga's ass like Mister Miyagi

And it ain't over 'til the fat lady sang

And that bitch got a whole lot more weight to gain

And call me by my new name

(...What is that?) featuring Lil Wayne

"It seems like every-BODY, everybody, everybody

Everybody forgotten about me..

Will I ever, ever, ever, be free?

Huh, uh, HUH"

(My nigga, featuring Lil Wayne..

Came here to fuck with me tonight, shwaty)

[Scarface - Verse 2wo]

I am as, real as they come as hard as they get

They go to talkin off the wall I put a par' in they shit

I'm the o-riginal gangsta, I'll tell you how I do it

I take niggaz from the jump when they step to me with
that bullshit

I am a fool, bitch, a native H-Town from the south side
of Houston

You're tuned to the sounds of a nigga, who don't give a fuck
'casue one way or the other
I'm gon' still get mine, play the game, motherfucker
The truth is in the building and I came tonight
And I done sold so many records, change my name to life
'cause I can breathe into the hood, make it feel my pain
And even though they try to change me, I remain the same
And even if I did have that chrome-plated grill on my shit
I come from out the motherfuckin bricks
Now, never forget, where I come from, son
I'm respected in these motherfuckin streets I run
I'm Face

"It seems like every-BODY, everybody, everybody
Everybody forgotten about me..
Will I ever, ever, ever, be free?
Huh, uh, HUH"

(MY, NIGGA)

[Bun B - Verse 3hree]
