Man I met this chick so fine  
So bad, she made me sick some time  
I just had to fuck this bitch one time  
I met her in the galleria shopping, buying  
Gifts for some guy that she dating, Still Shot

Second anniversary and I'm congratulating that  
But man she had an ass so fat  
You couldn't palm it with Shaquille hands  
It seems to me she had the whole world in her pants

Walked behind her whispering love songs  
She started smiling so I handed her this bathing suit  
And told her try it replied, while with these light brown  
eyes  
I'm shopping for a lady friend about your size

She put it on so I paid for then I told her she could keep  
it  
And then I walked out the store, it's our secret  
But peep it made it down the hall, she came running  
Bags about to bust, blouse wrinkled but still stunning, I  
don it

Made a mack move and girl chased me  
And shortly thereafter, exchanged our fuck faces  
It's tasteless but honey must of missed being treated  
Like something more than niggas just tumbling and  
dudes beating

Her ass behind the silly shit  
And I can see it in her eyes she was sick of this  
Let's see the sights, it's me tonight  
Let's leave him stuck home pacing  
Blowing up your pager, exchanging fuck faces

You must be used to all the finer thangs  
Infatuated by what money brangs  
It seems to me you hoes will never change  
So all that's left is for us to exchange

I called her up on the phone said, I'll be there in a

minute

'Cause all them faces she be making when I'm in it  
They make a nigga feel like he doing something  
The pussy so good have you through with money

But you ain't knowing she's a tramp and a slut and all  
that shit

Every chance you get you trying to call that bitch  
Quite a few niggas got the pussy  
But every time I see her got to stop and look

'Cause she so damn fine bitch  
I want to make you mine bitch  
I want to fuck one time bitch  
Short Dogg's on your mind bitch

I give a fuck about any nigga you fuck with  
Stuck with, I love the way she suck dick  
It make me bust this  
It's hard to hold back when it's this good

You said she wouldn't I knew the bitch would  
'Cause I'm a veteran, twist them in the game so fast  
With this pimping, bitch, you ain't go last  
I got to get 'em, let 'em know I'm pimping really

Unless I'm getting paid, the shit is temporary  
Exchanging fuck faces, making hella noise  
Getting freaky as fuck and go and tell my boys  
'Cause It's like that, that's how we do this shit, bitch

You must be used to all the finer things  
Infatuated by what money brangs  
It seems to me you hoes will never change  
So all that's left is for us to exchange

Let me holla at 'cha B, Short check this  
Just got through fuckin' this bitch  
Who swallowed my Cum and drank my piss  
I stuck my fist up in her cock, she didn't budge or move  
it

Sucking and fucking, man she loved to do it  
I bust 4, 5, 6 nuts in her mouth, when she come to my  
house  
I know that's my bitch and she don't tell nobody shit  
She keeps it cool, she said that pussy's mine

And because the way I rhyme, she let me fuck her all  
the time  
I'm thinking about keeping this bitch by my side

Girl so fine niggas dreamed they fucked her and lied  
But I'm numero uno, the one and only

Bitch be all on me chewing my nuts like bologna  
Then picked, she licked on my dick like plop  
The nut skited out like thick white snot  
She saw it was still hard and said look what I got

Then rubbed it, hugged, it and shoved it in her cock  
Tried to tell her to stop but the bitch wouldn't listen  
I guess a dick that's hard as rock, is what these hoes  
be missing  
And in return she used her stolen credit cards to by me  
casing  
And later on she got this bone and gives me fuck faces

You must be used to all the finer thangs  
Infatuated by what money brangs  
It seems to me you hoes will never change  
So all that's left is for us to exchange

I got a call from Laquesha and some of her nieces  
Saying it's about six or seven dime pieces  
We can hook up with no chains and no leashes  
Tied to this fucking affair and slow leases

See what we go do is fall through with crushed ice  
Man these hoes been talking bout fuckin' for three  
nights  
Whole damn grill so slick it's kind of nice  
Not too expensive but comfortable and its quiet

The rimmy that she gimme, a Phillie and its  
tranquilized  
Thinking to myself at this time and realized  
She ain't got on panties so damn it, it's in the signs  
Somebody's getting fucked tonight to my surprise

Enter the room with the cat ass eyes  
Rochelle's who do nails with them thick ass thighs  
See I love these kind cause they ain't with that bullshit  
Get a nigga off in the room and pull shit

Girl stop licking right there you killing me  
Go ahead and touch it right there and fell the P  
This some cold blooded shit with a bitch you let me sit  
through

Damn hoe I must admit, that's whit it hit me  
So I dips into the world of forgotten fuck faces  
You getting buck places, drinking, love, and sex

chases

You know what I'm saying baby  
It's either now or never  
Too \$hort, Tela, Devin Scarface in style

You must be used to all the finer thangs  
Infatuated by what money brangs  
It seems to me you hoes will never change  
So all that's left is for us to exchange
