*[Scarface]*

Now the funeral is over  
And all the tears are dried up  
Niggas hangin deep on the cut gettin fired up  
Lookin for the nigga who pulled his pistol on my homie  
An eye for an eye so now your life is what you owe me  
Look deep into the eyes of your motherfucking killa  
I want you to witness your motherfucking murda nigga  
And since you wants to kill then your ass has gots to fry  
But ain't no police therefore your ass has gots to die  
We play the game for keeps and if you slipped I guess  
you sleep  
You showed no fuckin now your ass is six feet deep  
Cuz where I come from yo everybody's gotta gat  
And niggas try your ass just to see where you got your  
heart at  
And if your shit is flimsy then your ass is gonna bend  
And like I said before they'll be no tears in the end  
I'm rollin through your hood and now my heart is filled  
with anger  
You at your sister's house now your sister's life's in  
danger  
(By a total stranger)  
With tha gang  
Niggas wanna bang ya  
And hang ya  
Stain ya wit one up in the chamber  
Let's take a trip up Holaway  
So you can see how many niggas in my hood is down to  
die today  
We standin' up for our own shit  
And if you outside the click then you die bitch

(Quick)

It ain't no love in this motherfucker  
It ain't no love for yourself or your other brother  
Uh because we real with this shit so we stay true  
And since we bang then we do what O.G. say do  
I've got the mind of the man in the mirror so I'm lookin'  
at me vaguely  
But I can't seem to fade me  
I've got my pistol pawn cocked

Ready ta lay shots nonstop until I see your monkey ass  
drop  
And let your homies know who done it  
Cuz when it comes to this gangsta shit you  
motherfuckers know who run it  
(Uh)  
So when you put this motherfucker to the test  
You gotta realize somethin' nigga: you fuckin' wit the  
very best  
I got this killa up inside of me  
I can't talk to my mother so I talk to my diary  
I'm goin' off on the deep end  
I found myself face to face with myself while I'm  
sleepin'  
I see your picture in my head and my hand shake  
You can run, you can hide, but there's no escape  
My inner feelings show no mercy on my enemy  
I got to get this mutherfucker fore he gets to me  
So in your own blood you'll bathe  
And I won't stop until I put this mutherfucker in his  
fuckin' grave  
And I can say this once again  
You can cry but you'll still die  
They'll be no tears in the end
