Lil' Flip, Lil' Flip
I'm hoppin' out in a Fendi suit, I got DVD's in my Bentley
Coupe
I got hoes that's 22, they buy me clothes and tennis
shoes
I'm so throwed when it come to hoes
'Fore I get they phone number they come outta they
clothes

I might take 'em to Pappadeaux's but only if she a
proper hoe
I got a 'llac, what kind? A Cadillac Escalade
I'm wearin' Jordans, which ones? The very first ones
made
I got a watch, what kind? An iced-out Cartier

I got a Roley but that's somethin' that I hardly wear
I'm Lil' Flip, the coldest freestyle ever
Since day one I was programmed to get this cheddar

Do you drive platinum cars? Do you pull platinum stars?
Do you write platinum bars? Platinum teeth, inside your
jaws
Diamond gon' rock my platinum wrist, platinum toilet to
take a ish
Gold is gold and platinum is happenin' so, wodie,
watch this

Yeah, aiy, it's Koopa
Got a greenback, stack in my palm
I come in a Yukon black with alarm
Ice on the arm and a platinum charm
And you pro'lly had a thought about jackin' it, naw

Of course you didn't nigga the force is hittin'
Behind the throwback, I show that the boys is trippin'
Beam me up Scotty, yeah, the force'll lift him
Top on the drop, yeah, of course it's missin'

Don't want her man to know
That I'ma hit when I'm finished I'ma hand the hoe
Back to her man befo', he even have to know

A weddin' ring ain't somethin', I'ma hand a hoe

Do money grow on trees? Nigga, the answer's no
I treat G's like seeds, get a grand to grow
Car lookin' like the zoo in a candy sto'
Alligator on the flo' with a candy do'

Can't stand me no 'cause I'm havin' dough
I keep a tune on me just like a mechanic flow
You ain't gettin' paper what you up in the game for?
Gettin' paper now, couldn't be a complainer
Trunk lift up at a acute angle
Isosceles triangle pokin' outta my swanger

Chain cost me 10 G's
Independent, no label could pimp me
So it really ain't a thing you could get free
Unless you tryin' to get them chains off of Pimp C

We, jammin' U.G.K. you see the jewelry, ay
Cover your eyes it'll blind like a UV ray
Stay throwed in the game, holdin' the grain
Ice and the white gold in my chain

Raisin' my trunk and showin' my bang
Hoes on the swangs while the do's color change
Nah, I won't let the change go to my brain
Respect better be somethin' that you hopin' to gain
You gon' mess around and get choked wit'cha chain
Now Flip, Bun and Chamillionaire controllin' in the
game

Do you drive platinum cars? Do you pull platinum stars?
Do you write platinum bars? Platinum teeth, inside your
jaws
Diamond gon' rock my platinum wrist, platinum toilet to
take a ish
Gold is gold and platinum is happenin' so, wodie,
watch this

U, under, G, ground, K, kings
Bitch, I'm that King of the Underground and the Pope of
Port Arthur
Keep that fire heat on ya street and the meat in your
daughter
Got no love for a hater, got no hate for a lover
Just distribute my pollution, keepin' weight undercover

My brother, now we back up on the block again
I got them rocks again and them blocks again, until the
cops come in

But see they better bring the SWAT my friend
Because I promise that we not runnin'

Nigga, we gon' be here all day, posted in this hallway
Keep them cluckers comin' in 'cause we gon' serve 'em
all yay
Them nickles and dimes and quarters
That powder the rock you a-boughta
Mo' dope than we oughta, nigga, we turnin' your
projects into The Carter

Got automatic starters, for they automatics choppers
And the Texas boy'll automatically break you off
somethin' proper
I knock off a bopper, break down a bird and bust me a
flow
I'm down with the Pimp and the Prince, from now ever
since
You don't like it you must be a hoe so

Do you drive platinum cars? Do you pull platinum stars?
Do you write platinum bars? Platinum teeth, inside your
jaws
Diamond gon' rock my platinum wrist, platinum toilet to
take a ish
Gold is gold and platinum is happenin' so, wodie,
watch this
