I'm too hard to kill, I refuse to die  
Sweat tears and blood, paid dues alive  
In these streets I roam, I've been blessed to live  
Could've easily got caught up in my yesteryears  
But I'm here~! My story remains the same  
I ain't changed a bit, I speak words of pain  
From a frozen heart, lost what's left to lose  
I'm alone and what I promise is death to you  
And it's true my only fear is I have none  
My conscience makes me keep me to myself cause I  
blast one  
And I can fall asleep right next to a dead man  
I'm cold, I put bullet holes all off in your headband  
So, bring me death cause I've been itchin to see  
if it's an afterlife, aim it at me, cock it and squeeze

Please... back to back to back to back to back to back,  
nigga  
From my first fuckin album nigga  
And I still can't be fucked with, trust me

I'm the truth in here, I give up what's real  
Not afraid to die, not afraid to kill  
But afraid to lie, and too scared to steal  
Cause what's mine is mine, and what's his is his  
In these streets it's clear, punishment's severe  
If that line is crossed that's when them guys appear  
It's like nothin you've seen, so fuck what you've heard  
It ain't what you believe, cause it's deeper than words  
If that silence is broke then somebody's comin to blow  
holes in yo' upper body, leavin a bloody coat  
to be viewed by these dues who feel like this  
When it's enough said it's bloodshed, believe that shit  
nigga  
Cause we that sick nigga, you see that bitch - get her!  
Cause he that snitch nigga, so squeeze that's it figure  
that you watch what you say, you say it and die  
What you cherish is close to me so don't testify

Straight up hood nigga, made it rappin  
Yeah, caught a break huh  
My life put down in words homey

That's some real shit, yo

A rapper - you hated to love, respected and feared  
what I'm capable of there's nothin they say in our ears  
I'm a soldier for fortune, I've got murderous plots  
Plus I'm suicidal, walkin this parking lot  
With my dangerous thoughts, I'm a dangerous dude  
When I up it and cock the hammer I'm aimin dude  
I came in to do, I'm a killing machine  
And with life comes a price so I triple the fee  
When it's trippin with me, either you win or you lose  
In the end he who wins is he who finishes fools  
I'm sentencin you, to a home in the sea  
With the lint in your pockets, you rolled with weed  
Exposin the weak, you hoes fin' to sleep  
with the fishes bitches and y'all should know the  
demeanor

Yeah, everything that I say I am nigga I am  
Know the rest of you motherfuckers wish you could be  
that real  
I tell you what my nigga, be real with your motherfuckin  
self  
I am Facemob nigga~! I am the best nigga  
I am the back to back to back to back nigga  
Y'knahmsayin? Yeah
