In a world without sound,
I fluttered down: I was snow
"Umidasarete kara sannenkan,
"watashi ha zutto sou yatte sugoshite kita." "For the
three years since I was born,
"I have spent that entire time doing so."
Nanika ga kowarete nanika ga umareru
Kurikaeshi muda na koto sae
Yamenai hito-tachi fushigi na hito-tachi
Nagameru watashi mo fukumareta Something breaks,
and something is born
Even the things that repeat fruitlessly
Unrelenting people, mysterious people
I, who observe them, was included as well
Hodokenai mondai nado ari ha shinai to
Shittetemo fukuzatsu na dankai ga monogatari
tsukutte iku Problems that cannot be solved do not
exist
Though I know this, a complex gradation is composing
a story
Watashi ni mo tada hitotsu no ganbou ga moteru nara
Kioku no naka saisho kara wo hon ni shite madobe de
yomu
Peeji ni ha akai shirushi arawarete odoridasu
Tsuraresou da to omou nante douka shiteru keredo
Kinjirareta waado wo tsubuyakeba saigo... If even I
possess but one single desire,
I would publish "From the Start" in my memories and
read it by the window
A red symbol appears on the pages and breaks out into
dance
I think, "I'm about to be lured out," and I'm doing
something about it, but
When I murmur the forbidden words, it will end...
"Kono ginga wo toukatsu-suru Jouhou Tougou Shinentai
ni yotte tsukurareta
"tai yuuki seimeitai kontakuto-you hyuumanoido
intaafeesu.
"Sore ga watashi." "A humanoid interface for use in
contact with organic living creatures,
"created by the Data Integration Thought Entity that

supervises this galaxy.□

"That would be me."

Dokoka he nigeru no doko ni mo nigenai

Sore dake de kachi aru ishiki

Megenai hito-tachi yasashii hito-tachi

Ugokasareta watashi no mirai I'll run away somewhere,

I won't run away anywhere

With that alone, consciousness has merit

Undaunted people, gentle people

And my future, which was forced to move

Nagaredasu tsuyoi chikara shiawase yobu to

Ki ga tsuita sono mama de hitsuyou na monogatari

shirusaretara One calls this flowing, potent strength

"happiness"

I've noticed that, if a vital story was written down as

such

Sonzai ga kawaru hodo no yume wo motte mitaku naru

Kanjou he to kyoukan he to tsunagareba madobe ni

tachi

Shizukesa ni dakarenagara mata kyou mo matte iru

Yuruyaka ni furu mizu ja nakute motto sabishii tsubu I'd

like to try having a dream great enough to change my

existence

If I connect it to emotion and empathy, I'll stand by the

window

And as I'm embraced by tranquility, again I'll be waiting

for tomorrow

It falls gently: not water, but a lonelier drop

In a world without color,

I found you: You are a star

"Kiki ga semaru to shitara, mazu, anata." "Should a

crisis approach, first, it will reach you."

Sonzai ga kawaru hodo no yume wo motte mitaku naru

Kanjou he to kyoukan he to tsunagareba madobe ni

tachi

Shizukesa ni dakarenagara mata kyou mo matte iru

Yuruyaka ni furu mizu ja nakute motto sabishii tsubu I'd

like to try having a dream great enough to change my

existence

If I connect it to emotion and empathy, I'll stand by the

window

And as I'm embraced by tranquility, again I'll be waiting

for tomorrow

It falls gently: not water, but a lonelier drop

Oto mo nai sekai ni

Maiorita I was snow In a world without sound,

I fluttered down: I was snow

"Saisho kara watashi shika inai.

"Jouhou no dentatsu ni sogo ga hassei-suru ka mo

shirenai

"demo, kiite. Sore ga watashi ga koko ni iru riyuu,

anata ga koko ni iru riyuu.

"Shinjite." "There have been none but me since the beginning.

"There may be an outbreak of inconsistency in the transmission of data,

"but please, listen. That is the reason why I am here-- why you are here.

"Believe me."
