### "Under The Cross"

Visit "[Under The Cross](#)" on MotoLyrics.com

For two thousand years we have lived in lies...  
Man has always made up stories and I don't wanna be  
a  
Slave...

So people think that I worship the devil...  
And people think that I worship the devil...

Leaders of religions have glory and fame...  
Under the cross... They can cause so much pain...

Chorus

Who's the biggest bastard now... ?  
Killing for religion is not salvation...

Chorus

And people know that I am the devil!
