=====

(lyrics: E. Holopainen)

(music: E. Holopainen, T. Koivusaari & J. Rechberger)

We sail across the sea,

In our thoughts we float over mountains

All this vanity that we could hide

The truth

The truth is to be alive

and to live your life in fear by hate

and create our own gods

We all ourselves are created

our own images

Ourselves we are created

our own gods

In the misty morning

When the sun is rising,

When the whole sky is red like blood

Man can realize the real meaning of life

to love and respect your life

Your salvation,

or is just your damnation.

We all ourselves...
