Verse:

Slowly, on my knees  
I'm falling to a drama scene  
And I can't quite, make this out  
But it seems like everyone is falling  
Falling out of love

Chorus:

This is not ok  
If I'm gonna love you  
I'm gonna do it my way  
This is not how it works  
If I do not know you  
I don't want to be forever yours

Verse:

Holding, on so tightly  
Breaking, every time you call me  
Time is counting down the moments  
When we should be honest  
I've gotta do what's best

Bridge:

It's hard to be lonely  
But I can't let you  
Take what is mine
