I've a smile on my face  
And I can't imagine never feeling this way  
Wonderful day  
Though it's poured with rain for weeks  
It can't put me down  
Heavenly blue  
And it's always gonna shine on me this fine  
Beautiful way  
To see the road before us full of surprise  
Shine on me now  
Shine on me now  
Shine on me now  
I've a smile on my face  
(sunshine she says sunshine shine on)  
Wonderful day  
(sunshine she says sunshine shine on)  
Shine on me now  
Shine on me now  
Shine on me now  
Shine on me now
