Oh yeah you better watch out
Cuz here comes that sow, cow, dog, cat
Arabian
The subject of the evil king
And vicki still wears the diamond ring

You better watch out

Oh yeah you better watch out
Here comes that buffalo, seal, fish, bird,
Indian
The first one in with the sunburned skin
I wish I could be friends with him

You better watch out

Oh yeah yeah yeah yeah yeah yeah

You better watch out
Here comes that herd elephants, here comes that
Antelope
A 30.06 with a telescope
Man you had better watch out
Oh yeah yeah, yeah, yeah, yeah, yeah, yeah, yeah
In the tall grass get up a tree
A wait and see 'cuz you had better watch out
Oh yeah, yeah, yeah

You better watch out
Here comes that Buffalo
Here comes that I don't know
You had better watch out
Get up a tree in the tall grass
Man you better watch out
Oh yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah,
yeah
