Like a bluebird
Into the lion's den, into the lion's den
I learned a new word
Words that will never end, words that will never end

And then (and then)
Is this the end? (is this the end?)
Now I trust in my new friend

Turn the tables
See through through the looking glass, see through
Through the looking glass
Seven gables
When will this ever pass?
When will this ever pass?

And then (and then)
Is this the end? (is this the end?)
Now I trust in my new friend

Like a bluebird
Into the lion's den, into the lion's den
I learned a new word
Words that will never end, words that could

And then (and then)
Is this the end? (is this the end?)
Now I trust in my new friend

And then (and then)
Is this the end? (is this the end?)
Now I trust in my new friend
