You made magic on me
It was a culmination of the first sins of adam and Eve
You made magic on me
I thought I was strong, but I guess all along I was
Weak

You done voodoo on me,
Stuck a pin in my leg and made me beg to come in
You done voodoo on me,
There's a frightening control that you have that nobody
Can see when I
Go down

Down, down, straight for the rocks
When you come around,
That's when I go down,
Down, down, straight for the rocks
When you come around

You have hypnotized me,
You got the swinging watch and I do what you want
When you count to three
You have hypnotized me, you hypnotized me you
Hypnotized me
You hypnotized me

Down, down, straight for the rocks
When you come around,
That's when I go down,
Down, down, straight for the rocks
When you come around

You are a siren to me,
And I tie myself down when you come around
I break free
Look out, look out, look out look out

You subjugate me
Fuck and suck and cook and clean,
Baby that's my daily routine
You subjugate me,

Tied to your apron or the bedpost, honey I don't ever
Wanna go home

You're a religion to me,
I tried fasting for forty days and forty nights
Of celibacy
You're a religion to me,
You're the mosque, you're the church, you're my rosary
Beads...

Down, down, down...
Down, down, straight for the rocks
When you come around,
That's when I go down,
Down, down, straight for the rocks
When you come around
