Everything it seemed so nice
Everything it seemed okay
Everything it seemed alright
Everything it seemed to play

I know you're blue
I feel the same way too
I know you're blue
I feel the same way too

Everything it seems to bad
Everyone has gone away
Everyone it seems to fight

Everyone has come to play

I know you're blue
I feel the same way too
I know you're blue
I feel the same way too

I know you're blue
I feel the same way too
I know you're blue
I feel the same way too

Everything it seemed so nice
