Verse:

Slowly, on my knees
I'm falling to a drama scene
And I can't quite, make this out
But it seems like everyone is falling
Falling out of love

Chorus:

This is not ok
If I'm gonna love you
I'm gonna do it my way
This is not how it works
If I do not know you
I don't want to be forever yours

Verse:

Holding, on so tightly
Breaking, every time you call me
Time is counting down the moments
When we should be honest
I've gotta do what's best

Bridge:

It's hard to be lonely
But I can't let you
Take what is mine
