I spent the last three years giving everything I've
Got.
This hunger is my curse, or my calling.

Could you imagine if we made it through, made it
Through?
All our prayers would be answered,
I'd finally get my chance to prove to you,
I've got it babe, I've always had it.

Fight my life,
(I've got to, I've got to)
Fight my life.

I want for you to see what I can do,
I've got a fight in me like you'll never know.
On the road with my hands out the window,
Just letting the wind blow.

Do you remember when we talked this through, me and
You,
About the situations we got through?
Now, with the chance to make this what we want,
And make it count,
Through smoke filled rooms,
The grass crowds are shouting out.

Fight my life,
(I've got to, I've got to)
Fight my life.

Do you remember when we talked this through, me and
You?
Me and you...

Fight my life,
(I've got to, I've got to)
Fight my life.

Every sacrifice I made for you,
I'm going to fight until I make it through.

This hunger is my curse, or my calling.
