Hang You Up - big If
I cannot hold this anymore
My hands are tired of only waiting to let go
And I am waiting, still
I used to know which way to turn
You were a light inside a tunnel in my head
I try to follow, still
I try to follow, still
(chorus)
It's hard to see you we are older now
And when I find you, you just turn around
This is a black and white of you I found,
I hang you up and then I pull you down
I hang you up and then I pull you down

No more apologies for me
I'm tired of picking up what I put down
You're all I think of, still
Don't say a kind word to my face
I turn my back on anyone who won't believe
And it gets lonely still
It gets lonely
If there is no try
(bridge)
Then don't you think it's time
That you set me aside
And you won't have to look through the words
Cause they were always wrong
I don't hear music anymore
My ears are tired of all the pictures and the words
Cause you are in them, still
You are in them still
