I've looked! Everywhere!  
No need, to stare and stare!  
At the thiings, I needed!  
I just can't see myself...

No mirrors!  
No tears!  
There's no way I can face my fears!  
No way!  
Jose!  
I just need to face my fears!

I just can't! See myself!  
I've looked everywhere, with a. "YELP!"

No mirrors!  
No tears!  
There's no way I can face my fears!  
No way!  
Jose!  
I just need to face my fears!

I just need to face my!  
I just need to face my!  
I just need to face my fears!

I just need to face my!  
I just need to face my!  
I just need to face my fears!

I've found myself! I've faced me fears, aswell!  
I'm so happy! Ver-ry hap-py  
Just run on up and, HUG ME!
