### "I Am A Hologram"

I am a hologram  
A modern version of a shell of a man  
Forget the steps, I can walk the ramp  
You don't need to trick me into loving again

Don't take the light from me  
Don't bring the night to me  
Don't take your, don't take your time with me  
Ooo...

I am a hologram  
A modern version of Invisible Man  
Try to touch me, but touch the damned  
Fingertips slip through my hand  
I got a hot-wired heart that can't  
Let me be just a hollow man

Don't take your light from me  
Don't bring your night to me  
Don't take your, don't take your time with me  
Time with me

They're gonna run, run me down  
They're gonna run, run, run me down  
Run, run me down,  
Run, run, run me down

They're gonna run, run, run me down  
Run, run me down,  
Run, run me down,  
Run, run me down
