And oh, mister heavenly
Where can a man go when he needs to sleep
For a hundred years
Before his heart feels rested?

Love that you're conscious of
Doesn't come from above
[x2]

And I would never hurt you
Even if you asked me to
And I'll be around whenever you break down
'Cause I'm here for you

The heart that was blown apart
It's gonna need a pulse if you want it to start

You'll never get it, you'll never get it, no [x4]

And I won't ever desert you
No matter what we go through
And I'll be around whenever we break down
I'm here for you

I'm not mister heavenly
I've got problems you can't see
And all those little teardrops dissolve

I'm not mister heavenly
Baby, I'm not mister heavenly
But all those little teardrops dissolve
