"Tangent Tears"

Through all the ragged truth
You left one poignant lie
A nice series of words for goodbye

Who's playing on your team
He has a certain flair
I don't see you around anywhere

CHORUS:

I cry when you're not here
I keep crying tangent tears
I cry when you're not here
I'm crying tangent tears

I'm stuck on interphase
My heart does not forget
Checking out at this point is no sweat

Chill factor number nine
You made my heart go blind
You act so cold but you still look so fine

REPEAT CHORUS
