oh vivid girl
i wish you well
i watch you burn
in humid hell

no sleeping pills
no old tattoos
will save you now

he'll never change
he's just too vague
he'll never say you're beautiful

oh vivid girl
i wish you well
i really do, i really do

chorus
the apple fell far from the tree
she's rotten and so beautiful
i like to keep her here with me
and tell her that she's beautiful
she takes the pills to fall asleep
and dreams that she's invincible
tormented dreams she stays awake

oh vivid girl
i wish you well
i watch you sit
i watch you dwell

no crooked spine
no torn up rag
will never save you now

he'll never change
he's not like me
he'll never say you're beautiful

oh vivid girl
i wish you well

i really do, i really do

chorus

(i wish you well, i wish you well
i wish you well, i wish you well)

oh vivid girl
i wish you well
i'll sit right here
i'll never tell

no tender scar
no twist of fate
will save you now

he'll never change
he's just not there
he'll never say you're beautiful

oh vivid girl
i wish you well
i really do, i really do

chorus

she's empty and so beautiful
i'll keep her here with me (x 4)
